

Junior Electronic Engineer / R&D Assistant (m/f/d)

We are...

A great bunch of audio enthusiasts with the strong belief on “Great sound is for everyone”. At LEWITT, we continuously innovate to make it easy for anyone to express themselves with exceptional sound. Whether at home, on stage, or in the studio, beginner or professional. Working at LEWITT means working in a respectful and agile environment that allows you to grow. We are an international and diverse team representing more than 20 nationalities in a modern office space with a rooftop panorama terrace and an in-house recording/content creation studio.

Everything we do, we do to the fullest. Make yourself heard!

This Is how you can support us...

- PCB & Prototype Assembling (soldering of SMD, THT, assemble plugs etc.)
- You put electronic prototypes and circuits into operation
- Measurements: Performance evaluation, preparation for manufacturing
- You help to keep the office tidy and you are the first person to tell where something can be found
- You are responsible for restocking different lab materials (flux, tin solder etc.)
- Maintenance of the eCAD library: You transfer footprints from data sheets, search for or edit 3D models and create components for the library

This Is you...

Your Skills

- You have completed an education (HTL, Apprenticeship, ...) in electronics or similar
- You have an understanding of electronic circuits and experience with soldering of components
- You have some practical experience with eCAD (e.g. CADSTAR, KiCAD, Altium Designer)
- You are fluent in English
- You have good MS Office user skills

Your Personality

- You are very well organized and work particularly precisely and thoroughly
- You are enthusiastic, willing to learn and to grow with us
- You come up with new ideas, a unique point of view, and you look forward to working in a diverse and international environment
- You are a team player who puts the teams' success above personal achievements
- You proactively contribute to a culture of respect, constructive exchange and togetherness

What we offer...

- A young, international company that is at the forefront of the market with innovative products
- A team that likes to encourage, challenge, and support you
- A flat hierarchy, short communication channels, and unbureaucratic cooperation
- A varied and independent work environment that allows you to develop your creative potential
- Hybrid Office
- Flexible working hours
- Modern office with excellent travel connections (near U3 Johnstraße/Hütteldorferstraße) and a breathtaking 360° panorama terrace
- State-of-the art hardware
- Employee discounts on LEWITT products

Your performance is remunerated with a market-compliant salary of minimum EUR 1,584.07 (full-time 40h per week), which will be adjusted according to your experience and qualifications.

Want to join our team?

If you would like to become part of our team, please send your application to jobs@lewitt-audio.com for the attention of Robert Mölzer. We are looking forward to your application!
